## WHAT IS GREATNESS? by L. RON HUBBARD

'The hardest task one can have is to continue to love one's fellows despite all reasons he should not.

And the true sign of sanity and greatness is so to continue.

For the one who can achieve this, there is abundant hope. For those who cannot, there is only sorrow, hatred and despair, and these are not the things of which greatness or sanity or happiness are made.

A primary trap is to succumb to invitations to hate. There are those who appoint one their executioners. Sometimes for the sake of the safety of others, it is necessary to act, but it is not necessary also to hate them.

To do one's task without becoming furious at others who seek to prevent one is a mark of greatness — and sanity. And only then can one be happy.

Seeking to achieve any desirable quality in life is a noble thing. The one most difficult and most necessary to achieve is to love one's fellows despite all invitations to do otherwise.

If there is any saintly quality, it is not to forgive. 'Forgiveness' is a much lower level action and is rather censorious.

True greatness merely refuses to change in the face of bad actions against one — and a truly great person loves his fellows because he understands them.

After all, they are all in the same trap. Some are oblivious of it, some have gone mad because of it, some act like those who betrayed them. But all, all are in the

same trap — the generals, the street sweepers, the presidents, the insane. They act the way they do because they are all subject to the same cruel pressures of this universe.

Some of us are subject to those pressures and still go on doing our jobs. Others have long since succumbed and rave and torture and strut like the demented souls they are.

To re-save some of them is a dangerous undertaking. Were you to approach many ruling heads in the world and offer to set them free (as only a Scientologist can) they would go berserk, cry up their private police and generally cause unpleasantness. Indeed, one did — he was later assassinated by no desire of ours, but because of the incompetence of his own fellows about him. He could have used Scientology. Instead, he promptly tried to shoot it down by ordering raids and various berserk actions on Scientology organizations. That he was then shot had nothing to do with us, but only demonstrated how incompetent and how mortal he really was.

As we become stronger, we can be completely openhanded with our help. Until we do, we can at least understand the one fact that greatness does not stem from savage wars or being known. It stems from being true to one's own decency, from going on helping others whatever they do or think or say and des-

L. Ron Hubbard, Founder of Dianetics® and Scientology®

pite all savage acts against one; to persevere without changing one's basic attitude toward Man.

A fully trained Scientologist is in a far better position to understand than a partly trained one. For the Scientologist who really knows is able not only to retain confidence in himself and what he can do, but also can understand why others do what they do and so knowing, does not become baffled or dismayed by small defeats. To that degree, true greatness depends on total wisdom. They act as they do because they are what they are — trapped beings, crushed beneath an intolerable burden. And if they have gone mad

for it and command the devastation of whole nations in errors of explanation, still one can understand why and can understand as well the extent of their madness. Why should one change and begin to hate just because others have lost themselves and their own destinies are too cruel for them to face.

Justice, mercy, forgiveness, all are unimportant beside the ability not to change because of provocation or demands to do so.

One must act, one must preserve order and decency, but one need not hate or seek vengeance.

It is true that beings are frail and commit wrongs. Man is basically good, but can act badly.

He only acts badly when his acts done for order and the safety of others are done with hatred. Or when his disciplines are founded only upon safety for himself regardless of all others; or worse, when he acts only out of a taste for cruelty.

To preserve no order at all is an insane act. One need only look at the possessions and environment of the insane to realize this. The able keep good order.

When cruelty in the name of discipline dominates a race, that race has been taught to hate. And that race is doomed.

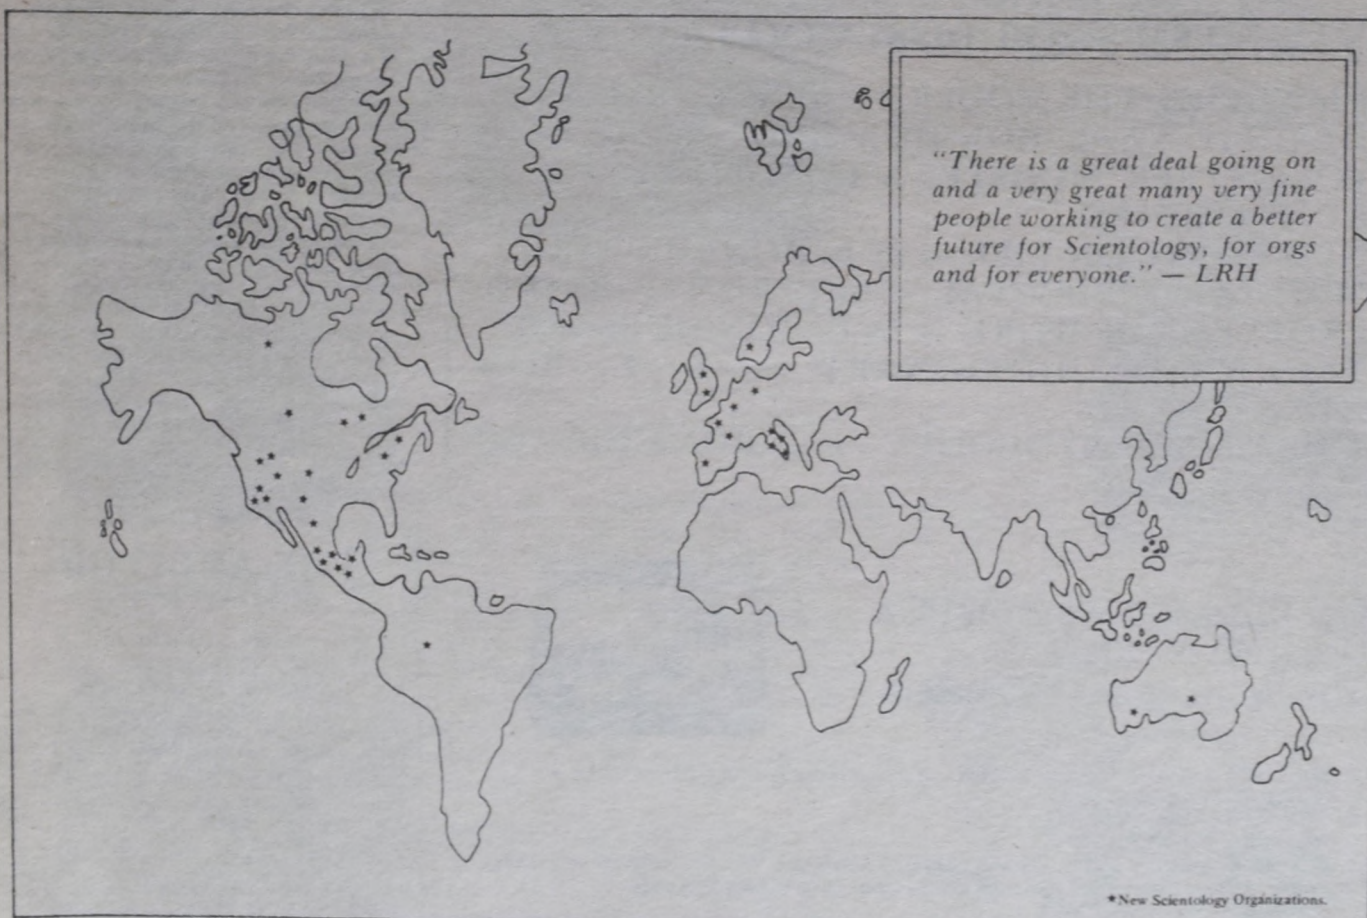

The real lesson is to learn to love.

He who would walk scatheless through this day must learn this.

Never use what is done to one as a basis for hatred. Never desire revenge.

It requires real strength to love Man. And to love him despite all invitations to do otherwise, all provocations and all reasons why one should not.

Happiness and strength endure only in the absence of hate. To hate alone is the road to disaster. To love is the road to strength. To love in spite of all is the secret of greatness. And may very well be the greatest secret in this universe'.

GET TRAINED — HELP RON TIP THE PUBLIC SCALE TOWARD SCIENTOLOGY

## FSM NEWS

### Field Staff Members Flourish and Prosper Helping Ron Tip the Public Scale Toward Scientology

Jon Gerson

It's a very simple and worthwhile thing to do to take the tech and help Ron tip the public scale toward Scientology. It's fun, and all three of these FSMs are winning at it.

Scott Crawford, Jon Gerson and Jim Burghorn are all Class VI Hubbard Senior Scientologists putting their training and broad understanding of life to work right at The American Saint Hill Organization, where they received their Briefing Course training. They are applying the Product Debug Tech, assisting Treasury to contact people, helping the Senior Chaplain and the Ethics Officer, and getting people on the Bridge and succeeding in life.

"My biggest win," says Jim Burghorn, "is applying the Tech! I like to do things that work! I like being able to apply tech to all areas of life and get a result. It's a win because I'm moving toward my goal of being CAUSE! It is my purpose as an FSM to apply the technology of Scientology (number five of *Keeping Scientology Working* HCO PL 15 June 1970). One of my goals is to be at cause in any situation. I would like to use the technology to handle any non-optimum situation in life, which includes handling somebody who can't study, auditing somebody, applying correct Ethics technology or helping someone sort out their second dynamic."

Scott adds, "75% of my gains have

come from training. The thing that got my whole life changed around was the Briefing Course. I am an electrician but when I finished the Briefing Course I didn't want to do that anymore. I decided to do FSMing. I thought being an electrician was a very profitable and great thing to do. But when I finished the SHSBC and the Internship, I felt that it was an overt to go back to my job. Spending all the time I did, putting in all the work helping people then walk out and go wire a house as opposed to auditing someone. . . I thought that was a little crazy. There are people out there, however, who do want to be electricians and store keepers which is fine as we do need people out in society, but I do think they should be trained as well. I don't buy it when people say their business keeps them down."

"I have been doing this for about three months now," says Jon. "Before, I was working in a restaurant a few nights a week and trying to get some businesses started during the day. But while I was doing it I kept thinking, why have I spent seven years in Scientology to go out and start a business or wait in restaurants or something? When I did the Product Debug Course I realized for the first time what my products were. I started looking at my life in terms of products. The product of working in a restaurant is serving people food."

"When I first got into Scientology, I wanted to be successful in Scientology, as far as it being a profession. This was what I wanted to do! So when I started FSMing and debugging, that is when I looked at the product: a revitalized being, a salvaged person who is on lines and everybody wins from that. It put me on purpose and got my ethics in and Dynamics aligned. I can handle as many people as come across my lines. I get awards and commissions. And I'm backed by the ASHO team. And when you're handling these people you're in a sense auditing them."

"Another point I'd like to make," said

Scott, "as FSMs we can reach out into the field physically and we can be these people's terminals. Setting yourself up as a terminal for these people really helps them up the Bridge."

"Yes," says Jon. "One thing I noticed along these lines is that people really need terminals. In most cases, if they had a terminal they wouldn't be off the Bridge. My viewpoint, when I was doing my Admin Scale for this was: each person that I'm working with I'll make it my responsibility to get them up the Bridge. There are technical breakthroughs in Scientology that will handle any situation. Therefore, when you tell someone you are there to push them up the Bridge, that you are going to be the terminal to do that, their indicators come in! And they answer: 'This is what I've been waiting for!'"

"I haven't seen a problem yet," says Jim, "that couldn't be addressed with Scientology Ethics, Tech or Admin Technology. Plus it's very viable to make a living as an FSM just taking some tech and finding out how to apply it to life's situations. Someone could train up in ethics tech alone and could do very well not only in terms of making a living but having a satisfactory way of applying the tech. Study the *Volunteer Minister's*

Scott Crawford

Jim Burghorn

*Handbook* and do the various things in that book. Start applying this with the viewpoint of the broad application of Scientology. You can handle problems that are keeping people off the Bridge and get them trained so they can help Ron tip the public scales toward Scientology!"

"Something I'd like to say for all of us in closing," said Jon, "and that is something I've observed doing this: if somebody's trained, I can handle them ten times faster. The main thing is that whatever is bugging them or keeping them off the Bridge, the best thing that will handle it is training or in this case more training, or training with the idea of applying it toward those things that are bugging them. Training gives one the tools necessary to handle these things and naturally it's extremely important to get interned."

"And," adds Jim, "regarding this idea of Scientology as a tool: you can have the goal of going up the Bridge in Scientology but that's really just the first step, like investing in the tools. The carpenter gets his tools now he uses them to build. The Bridge isn't an end all in itself, it's a tool!"

"Yes," Scott exclaims, "Get trained!"

## The Survival Rundown puts one on the road to the SAINT HILL SPECIAL BRIEFING COURSE

Briefing Course student, John Paulson shares his ideas on why people should do the Survival Rundown as their first step on the training bridge.

"Gains from doing the co-auditing and processes on the Survival Rundown are quite enormous and best described in LRH's HCOB DRUGS AND THE BACK TRACK. My favorite line is the last sentence of the bulletin which emphasizes the true impact of the Survival Rundown:

"Without objectives, no being is likely to recover in his infinity of future." — LRH "The Survival Rundown is a vital step not only from the preclear's point of view, but also most definitely from a point of view of one who wants to become a professional auditor, and to ensure standard tech is applied to some of the most basic processes in handling a case."

Marge Bridges, has had tremendous

successes on the Survival Rundown. She is in the photo with her co-auditing twin Suzanne Braceland on the right:

"The Survival Rundown is the best auditor training gradient for new Scientologists as well as being a required auditing step for most new people. It's easy, fun auditing with lots of wins — just right for beginning auditors — and really fun — as it trains you in the basic basics of auditing.

As a pc, even though I'd done all the objective processes, I didn't feel they were fully EP'd. Sure enough, they weren't. Not one. The gain in being able to be in present time, comfortably (or luxuriously even) is amazing. It's the right step to get you to the *be there* in life and as an auditor."

Suzanne Braceland, HQS Course Graduate, has this to say about the Survival Rundown:

"Doing the Survival Rundown Co-Audit is incredible! I can't count the times I've copped, and gotten 'blown out' right along with my preclear while auditing her. It's a fabulous feeling!!! It just comes right back to my basic purpose of helping others. As an auditor, you really know what help is and that you can do it. Then the flow is reversed to you! What better way to stay F'ning than to audit and be audited all the same day? It's a dial wide experience! I have never gotten so many gains in such a short period of auditing or a single course before. I have handled situations in my life that were never terminatedly handled before. They all seem to surface on the Survival Rundown.

"As a result my postulates are really clean, controlling my body is not a chore — things are going right in my universe. Part of this is that I've gotten to know myself better. I'm totally aware that I am a Thetan and am refamiliarizing myself with me and my abilities. I'm OK. I like me! (What a relief!). And with that, my certainty is intact — no small gains!!!"

## Dave Lutton Graduates the New SHSBC. Plans to Tip Scale in Toledo as an Auditor!

"At the first of the year I got in with the Mission of Toledo, Ohio, and at that time I decided that the best thing for me to do would be the Saint Hill Special Briefing Course. When I complete the Class VI Internship, I'll go back and I'm going to help out. I'm going to audit!"

Dave Lutton is a sincere and cheerful student who's moved smoothly through the new SHSBC.

"I have no hidden ability. I just got in there, applied the study technology and Keeping Scientology Working. The Saint Hill Special Briefing Course doesn't have to take a long time. The new check-sheets balance theory and practical better. This makes the course more thorough with better gradients and you move faster. You can take a break between checksheets, if you need to. However, I set it up so I could just be a student and wouldn't have to take time off or work. It's possible to do it rapidly and keep your dynamics in. You just allocate time for the second dynamic and enjoy the fifth at the same time!"

Dave went on to praise the training of the course itself. "A person is going to

have to change when he learns the data from LRH on the Briefing Course! Ron just doesn't withhold. He discovered the trillion year cycle and the basic mechanics of life and he tells you. When you have that data, that viewpoint, that understanding of life, you move up through another level of being, a different level of thinkingness and viewpoint of life. You get the full chronological sequence of how things in Dianetics and Scientology developed. The whole intention of Dianetics was clearing and beyond — LRH actually saw clearing as a step and OT as the goal. So each day of the SHSBC you hear his breakthroughs from the tapes and you get his cognitions!!

"I always had this concept of the end phenomena as to what I wanted from the SHSBC: what I would be or have, what I would be like at the end of the course. I looked at the Grade Chart for what the awareness characteristic is at that level. It's ABILITY. That is the word that I was looking for to describe the end phenomena of the SAINT HILL SPECIAL BRIEFING COURSE. Ability!!"

## ROBIN WILLIAMSON COMPLETES PURIFICATION BETWEEN TOURS!!

"The training I've gotten in Scientology is very usable to me. I use the data from the PRO Course all the time. In terms of interviews and setting up press, I get 99 - I won't exaggerate - 99% excellent press! And the reason I get that is because I know how to handle situations involving press. You know, training is fantastic!"

Robin Williamson is a Scientologist of long standing trained on the Dianetics Course and the PRO Course. Many people have come into Scientology as a result of his talents and dissemination of Scientology. Singer and composer, Robin travels the world over performing his music, poetry and humorous theatrical stories, entertaining people with his wide variety of instruments. Pictured about him are (left to right) guitar, cittern, Scottish Border Bagpipes, Celtic Harp and fiddle! *The Washington Post*, *International Musician*, and *Recording World* are among many who express praise for the artistic presentations of Robin Williamson. In between tours he trains, and gets auditing. And when talking about these events and how it all came about, his eyes twinkle!

"I did the PRO Course in Saint Hill East Grinstead in 1970 or so. It wasn't available to public at the time but they gave me a special version!"

"I've been in Scientology since the end of 1968. I was with The Incredible String Band. We'd gotten together in 1965. We were performing and making albums. Then I met someone in New York at The Paradox Restaurant who sent me to the New York Org. I took it from there. The HAS Course in London, the Solo Course at ASHO... I've done Scientology courses all over the world."

"There are situations in life and on the stage where TR's and training are VERY useful, like being in comm with the audience."

"To me the world is magic, always has been and always will be. And the more you look at it, the more you see it. In relation to Scientology, the only reason I can maintain that viewpoint is directly attributable to The Church; because although I've never done anything that specifically handles art or so forth, the end result of one being freed up in one's viewpoint on various subjects and various ways, allows all the free theta that one normally possesses but is tied up in one's case. Free - you have all of this theta left to function with as a creative being. Some really extraordinary things have happened in the past year. I think it's gotten to the point with me now as an OT, where life itself has become sort of rehabilitating, rather than destructive. I have these streams of cognitions on all kinds of things... all of the time! It's rather remarkable."

Recently Robin did Ron's Purification Rundown. "I loved the Purif! I got a tremendous amount out of it. Tremendous wins! I probably added a number of years to my life. It got rid of a whole lot of things that were potentially destructive. It's just what it says: PURIFICATION! It just really made a lot of difference to me. Specifically, I've got a lot of energy as usual, but I don't have that edgy thing with it. And I must confess: I've got a lot of ideas and I'm feeling very creative! Next is NED for OTs and my OT Drug Rundown, after returning from this world tour!"

## ACTRESS TALKS TO HOUSE OF REPRESENTATIVES ABOUT PURIFICATION RUNDOWN

"When I told my story they certainly listened. You could have heard a pin drop!"

Cathy Lee Crosby, actress, hostess of TV's "That's Incredible", former tennis pro, Clear, student at Celebrity Center Los Angeles, and Purification Rundown completion is the leading spokesperson for the Friends of Narconon & Narconon All Stars. Narconon is a drug rehabilitation program for the redemption of druggies in or out of prisons. It was organized in Arizona State Prison by an inmate who himself was a hard core addict of thirteen years. He put to use the basic principles in LRH's book *FUNDAMENTALS OF THOUGHT*, and by doing so completely cured himself and helped twenty other inmates do the same. Through Narconon no drugs whatsoever are used for withdrawal and on the program the usual withdrawal effects such as "cold turkey" are most often completely by-passed with the use of the Purification Rundown, and other LRH Tech on handling drugs. The Narconon All Stars and Friends of Narconon are a group of nearly two hundred celebrities from all faiths and religious beliefs who work either in the entertainment or sports industry, and are open to membership from business and government opinion leaders. They formed the group to do promotional and educational activities to change peer pressure in this country from pro-drug to anti-drug, fighting peer pressure with celebrity pressure.

Invited by the chairman to speak to the House of Representatives Select Committee on Narcotics Abuse and Control in Washington, DC, Cathy Lee made her ideas clear. She called for an honest and positive approach to educating the youth of America, allowing them to have a say and a part in getting this goal accomplished. Some of the programs she proposed to the committee are now being done as a group effort by the House of Representatives, the Friends of Narconon, and high school students. At the close of the meeting, after

Cathy Lee Crosby

many questions and answers, each person attending, committee members and press alike, grabbed up a copy of Cathy Lee's testimony. In it she defines the Purification Rundown, Narconon, the Friends of Narconon, and lists members by name. Among those listed are: Karen Black, Andy Gibb, Chick Corea, James Earle Jones, Stanley Clarke, Robert F. Lyons, Judy Norton-Taylor, Priscilla Presley, Michael Roberts, Barry Sullivan, Fran Tarkenton, and Henry Winkler. Because of this testimony, a number of newspapers are reporting favorably about Cathy's stand and her impact on the House Select Committee.

As a result of this event and the whole campaign led by Cathy Lee and the Friends of Narconon - Narconon is flourishing and prospering. The Purification Rundown is now been proposed to go into the California Rehabilitation Center to assist inmates in their rehabilitation. And the State of Idaho is implementing the education program from Narconon, based on L. Ron Hubbard's research and technology to handle drugs, into its school system.

## BRIEFING COURSE GRADUATE "TAKES THE LID OFF..."

"In my opinion, the ups and downs of day-to-day and week-to-week production can sometimes knock off one's flourish and prosper hat. It's my goal to assist people with LRH's tech to pull through the current international economic situation."

Dennis Winfrey got into Scientology in 1971, and for most of those years has been making a living as a Field Staff Member and Scientology Consultant. He's OT IV and a graduate of The Saint Hill Special Briefing Course in 1976 from The American Saint Hill Organization.

"The Briefing Course is the single most changing action I've done in Scientology - including the OT Levels! You start to think like LRH in that you see how and why life is what it is. So naturally you survive better. The Briefing Course is how to live and deal with people effectively. This course has so much data!"

"I'm a disseminator. I want masses of people connected to LRH by whatever means possible. And the one thing many people in this society need - something I needed when I came into Scientology is to get hatted up on LRH's Tech on economy, which will help them manage their money. So I compiled the book *Take The Lid Off Your Income*. Basically, it is a hat on how to boost your income and move up the Bridge. It's LRH's basic policy on economics."

Dennis Winfrey

"I started FSMing and consulting one month after starting the Briefing Course - I just couldn't withhold all that data. It was just too much to keep to myself. In my opinion, it is absolutely vital for Scientologists and everyone to be hatted on Ron's tech, and as well on economics, which Ron covers beautifully in policy."

Many people have enjoyed Dennis's seminars in which he forwards the purpose of getting people to use LRH's tech to work for them in their lives.

"It takes KNOWLEDGE, CONTROL, AND RESPONSIBILITY - and that's where Scientology training comes in. I want to see people reaching for that, and getting it. Flourishing and Prospering!"

SOLUTION TO INFLATION

The 2 percent monthly increase of Scientology and Dianetics training and processing is hereby CANCELLED.

This is at the request of the Public and my request to the Board of Directors.

However, as inflation is still occurring in almost every part of the world, the Board has determined that prices should be reviewed against inflation in each country, every 6 months (1st of January and 1st of July) and any necessary adjustments made accordingly.

Therefore, any price increases based on inflation will be set for individual countries, as needed, on a bi-annual basis, followed by price lists issued from Flag.

This is effective immediately.

Ron

## Proclamation & Validation

### PILOTING AND RELEASE OF NEW SERVICES

The Scientologists who have donated over the last four years have also made possible the piloting and release of many, many new services and the streamlining of former services.

It is impossible to list all of these but some of the highlights are:

- \* Dozens of new public courses which introduce the gains of Dianetics and Scientology on easy gradients.
  - \* The breakthroughs of the Purification Rundown, the Survival Rundown and the soon-to-be released KEY TO LIFE Course.
  - \* The streamlining of all auditor training from New Era Dianetics through Academy Levels, Saint Hill Special Briefing Course, to the Confidential Class VIII Course, all of which have new LRH checksheets.
  - \* A new LRH Solo Course and technical breakthroughs in the auditing of Dianetic Clears, special new auditing techniques for OTs NED for OTs, plus the new Philadelphia Doctorate Course for OT IIIs and above.
  - \* New films of broad public interest and films for teaching auditing skills are due for release in the very near future. These films will guarantee the technical standards are maintained well into the future and for generations to come.
  - \* A new Grade Chart is right now in the printing stage.
- Such technical breakthroughs are what will eventually salvage this civilization and the many lives yet to be lived.
- The help that made them possible will be appreciated, not for just now, but for eons.

### PASSPORT TO FREEDOM

At Christmas time, the PASSPORT TO FREEDOM will become available for all Scientologists. It is a passport containing all the steps of the Classification and Gradation Chart, all the LRH Books, tapes, films, specialist training, staff member training, etc. — a complete record of the steps taken on the Road to Full OT, for this and future lifetimes.

### EXPANSION NEWS

While all the above and more were being done and supported by the donations of Scientologists, many other actions were also supported to guarantee the safety of our Churches and to safeguard the Technology. In the last four years, the number of Scientology Churches has increased from 67 to 104.

### SAFEGUARDING THE TECHNOLOGY

A large percentage of the donations contributed by Scientologists has gone to defend our Churches and to safeguard the Technology from unwanted attacks of a very small minority. Unwarranted though these attacks may be, such have to be handled at enormous expense. And, they ARE being handled and overcome, thanks to the Guardian's Office and the loyal support of our Scientologists.

### DONATIONS

The gains made over the past few years as a result of research and technological advances have given us the opportunity to lower and simplify the system of donations for services.

The multitude of special packages have been cleared away, and it is now possible for all Scientologists to make their way across the Bridge. It is now simple, easy and uncomplicated to disseminate to your friends and family and get them, also, well on their way to Clear and OT.

### ACKNOWLEDGEMENT

The contributions and support of the Scientology public and staff over the last four years cannot be adequately acknowledged in mere words.

They have helped to bring about the unprecedented expansion of Scientology across the planet.

They have supported the greatest and only hope mankind has, and our Churches and staff who are vital for this civilization's survival.

CHURCHES OF SCIENTOLOGY

# Donations Stabilized!

The vast gains we have made in the past few years as a result of LRH's brilliant research have given us the opportunity to lower and thoroughly simplify the system of donations. With these new donation rates a series of standard packages has been reinstated. This will speed up your progress across the Bridge, as you will be able to move smoothly from one course to the next without delay.

## TRAINING BRIDGE PACKAGE

The Training Route has traditionally been the cheapest route to Clear and OT. It is also the route that enables a being to achieve FULL gains on each and every level. LRH states that 50% are made through Training, and anyone who has done both sides of the chart can tell you this is TRUE!

In order to make the Training Route very affordable to all, and enable Scientologists to get trained and ALL Scientologists to achieve the FULL gains of the Bridge, the following package is released. It is by far the cheapest route to Clear and OT. And, more importantly, the one which will enable a being to know how to USE the abilities he gains as he reaches the levels of Clear and OT!

Includes:	Package Donation	Full Donation
Student Hat (50% off)	\$ 150.00	\$300.00
NED Course (50% off)	600.00	1200.00
NED Internship (50% off)	150.00	300.00
Tech Trs Crs. (50% off)	225.00	450.00
Hubbard E-Meter Crs.(50% off)	150.00	300.00
M-1 Co-Audit Crs. (50% off)	150.00	300.00
Levels 0-IV (50% off)	1250.00	2500.00
Assessment Drills (50% off)	150.00	300.00
Class IV Internship (50% off)	250.00	500.00
SHSBC (50% off)	2500.00	5000.00
Solo Course (50% off)	700.00	1400.00
V and VA (50% off)	1250.00	2500.00
Class VI Internship (50% off)	365.00	730.00
	<u>\$7890.00</u>	<u>\$15780.00</u>

The lower levels on this package can be done either at a lower org or at ASHO. The advantage of doing your lower levels at ASHO, the top training org on the planet, is that you'll receive the highest quality and professional supervision possible, making your transition onto the Briefing Course that much easier. Take this package at ASHO for only 10% (\$307.50) more making a total donation price of \$8197.50. Do it at ASHO now and really learn to audit and help people.

## SAINT HILL PACKAGE:

Includes:	Package Donation	Full Donation
SHSBC	\$5000.00	\$5000.00
Power & Power Plus	1250.00	2500.00
Solo	(FREE)	1400.00
Class IV Internship	365.00	730.00
Total	<u>\$6615.00</u>	<u>\$9630.00</u>

This package is for those of you who are already on your way up the training Bridge or have completed one or more of the courses listed in the Training Bridge Package. With this package you'll save over \$3,000 and receive the Solo Course FREE! On the above packages which contain the Power Processes, there are 2 provisions made for Dianetic Clears:

1. If you've gone Dianetic Clear (Natural Clear etc.) while co-auditing on your training, you'll get DCSI rather than Power. (No change in package donation).
2. If you're already Dianetic Clear (Natural Clear etc.) and you have had your DCSI then the donation for Power can be subtracted off the price of the package.

## SHSBC, CLASS VIII COURSE PACKAGE:

Includes:	Full Donation	Package Donation
SHSBC	\$5000.00	\$5000.00
Class VI Internship	730.00	(FREE)
Class VIII Course	3000.00	3000.00
Class VIII Internship	1000.00	(FREE)
Total	<u>\$9730.00</u>	<u>\$8000.00</u>

If a student is OT III or above he would route onto the Confidential Class VIII Checksheet. If a student is not OT III or above he would route onto the Non-Confidential Class VIII Checksheet. One could also route onto the Confidential Class VIII if he were on OT III and doing well.

Both the confidential and the non-confidential checksheet produce the same product. A 100% STANDARD TECH TERMINAL. Therefore, they are priced the same. Again internships are discounted to encourage people to become flubless professionals who can and do audit. This will make a world of difference in your co-auditing, your Solo auditing and your professional auditing. The better an auditor you are the faster and more complete your gains will be on the OT Levels. Your understanding of the tech will make all the difference in the world.

## ADVANCED ORGS PACKAGES:

Steve Surry — First SHSBC Student at ASHO

Mission Holder — Tipping Public Scale Toward Scientology

Chuck Devoe

**"THERE IS NO SUBSTITUTE FOR BEING AN HONEST PART OF THE TEAM" — LRH**

Chuck Devoe, a long time Scientologist with much training & auditing, has been doing FSMing and Ethics handlings for most of this time and has paid for the remainder of his Bridge from what he has earned applying the TECH and FSMing. "I just want the guy in front of me to be, do and have those things that he knows he should be doing, being, and having."

"My viewpoint on Scientology Ethics, Tech and Admin is that it is for use especially EVERYPLACE. The only times I have ever seen people be unsuccessful is when they didn't apply standard Ethics, Tech and Admin."

"I have four products when I handle people. First I want to get them winning in life — getting up the Bridge and then by going up the Bridge, they can achieve the third product: which is become an overt and dedicated Scientologist. The fourth product is the most important: for the guy to get his exchange in with LRH, however he sees fit!"

"My purpose is to connect others to LRH. That's all. My commitment to LRH is not for the duration. It's not even a billion years. It is to serve him as long as he wants me to. Because I believe, if you're going to start taking responsibility — you start right now, where you're at in P.T. . . . My senior stable datum is the LRH quote:

"There is no substitute for being an honest part of the team" — LRH

"No matter who you are or what you are doing, whether staff or public, if you are honestly being the best member of that team that you can be . . . well, you are wearing your hat like LRH would and that's what it's all about. That's how we're going to turn this planet around. Shoulder to shoulder."

## INDIA . . .

India has just become our newest frontier. A recent spearhead has been successful in establishing two DIANETICS COUNSELLING GROUPS there.

Teeming with over 600 million people and steeped in ritualistic traditions, India has been looking forward to a renaissance for some time now. And Scientology has arrived on the scene to bring it about.

Despite 14 major languages and their dialects, communication in English can easily be established with the educated public all over India.

Opening India for Scientology is going to be a challenging task.

Imagine a learned monk finally getting his misunderstandings cleared up on NIRVANA (total freedom), and cognizing with open mouth that one does not have to lose his self-determinism, after all, to achieve release from the death-rebirth cycle. . . .

Imagine a group of teachers fascinated by your talk about the Study Technology, and demanding a course on it. . . .

After some training and auditing at Flag, a team of pioneers — the Special Operations Unit India will be touring and giving seminars all over the country. They will also be following up TV offers and utilizing all media available to disseminate widely the data on LRH and on his discoveries.

The actions of this unit will be supported by the setting up of a Publications Organization's Office in India to publish LRH books locally in English, Translations in 14 major languages will then follow. Research for this is underway.

The four biggest cities in India — BOMBAY, NEW DELHI, MADRAS and CALCUTTA will be among the first to have DIANETICS CENTRES. For more information write to: COMMANDING OFFICER INDIA, DISTRIBUTION BUREAU FLAG.

"I was ASHO's first student to route onto the SHSBC in 1968. The Briefing Course, for the first week, was taught in the basement of the old Los Angeles Org on West Lake Ave. There were four of us that started it right away and in a few days more started. Then we moved over into the building on Temple St. and within two months there were about 100 people on the SHSBC."

"I did Class VI, the Internships, the Expanded Dianetics Course and Internship and after that I got into admin. I did the full Executive Director Hat and Internship at ASHO in '74. That was my first and only admin course and it was great; it really did it for me. I went onto my first admin post, which was ED, a mission holder, and it worked!"

"I became a mission holder in the last part of '75 and I've got four missions going now: Denver, Salt Lake City, Seattle and Bellevue. The main thing is to keep producing and getting people started in Scientology. As long as I keep opening up more missions, things keep going right!"

"The idea of making it happen is a huge win! Going into an area where there is little or no Scientology and just based on your knowledge and your ability, with the help of the people who are working with you, establishing it, setting it up. Getting people who have, sometimes, never heard of Scientology interested in it, active and becoming Scientologists. It

is a *big* win seeing the place arrive and then getting into the continue cycle of keeping it there and expanding. And every couple of months, I stand back and take a look at the whole thing, seeing it really there. It's great to see thetans getting free every day and going clear, making it out of the trap."

"My purpose is to help Ron clear people, make OTs, free thetans. And being out in the field gives me the opportunity to do that to the hilt. There's no fixed consumption, just millions who are ready for it. There are some who are not so ready, so we bring their awareness up to where they *are* ready and get them going. I had no idea what I could really accomplish until I was in the position where I *had* to perform."

"Training gets you to really look at what LRH has been through on the research and development of the subject and of the Church and gets you to understand that LRH is really deadly serious (and not in a massy kind of way) about *really* clearing this planet. Training gave me the ability to understand situations from a technical viewpoint and resolve them, simply. It gave me the persistence to establish a mission and hang in there when the going got rough and getting to the other side of a particular barrier, knowing there was always an end phenomena if I just continued the process. It increased my havingness to the degree

Steve Surry

that is required to be out in the field, handling all of these people and to be responsible for that much Scientology going on. The tech is so much a part of me and my survival! Training increases your potential so much that it forces you to choose and play a game that will match *that* potential. That's the way I see it. It's very rewarding and any game of making auditors is of equal magnitude or even greater than auditing, a game in life that would be valid."

## LRH'S STUDY TECH TIPS THE SCALE with Briefing Course Student's Back-Up!

"All indicators show increased public interest."

— LRH, Ron's Journal 31

L. Ron Hubbard's Study Technology has caught the interest of people all over the world. Briefing Course students Frank Zurn, Executive Director and President of Applied Scholastics, Inc., and Don Dum, a Los Angeles school teacher, organized a program in Don's classroom with some of his Hispanic speaking students. They were supervised on the study tech data compiled specifically for school ages and translated into Spanish. The wins and successes at graduation were excellent and full of enthusiasm toward study. In fact, Richard Guerrero, the non-Scientologist who helped deliver it, appeared with Don and one of the graduates of the program on television and spoke publicly about the STUDY TECH and Applied Scholastics giving wins and making them known in a big way!

In addition to this, Don is such a success in his specialty of working with students whose first language is not English in the public schools, that his seniors in the schools are encouraging him to write a series of books for teachers on this subject. These books are slated to be used nationally and will include the Study Tech as part of the actual methods in the book. And, of course, LRH will be acknowledged as the educator that he is.

Japan is catching on too. The large photo to the right and on the bottom shows a group of students from Japan who spent several weeks at the Delphian School learning Study Tech and conversational English. These are some of the more than sixty students from Japan who attended the school's Summer Institute. Headmaster Alan Larson, Class VI Briefing Course graduate, is shown standing in the back row, center (dark beard). Note the happy faces and displaying of certificates!

We look forward to many more wins and successes with the Study Tech being applied at Delphi, Applied Scholastics and as a result internationally!

## ORGANIZATION EXPANSION NEWS

A Class IV Org has the privilege and ability to audit and train pcs and students up to Grade IV releases and Class IV Level auditors. ## What Are You Going to Do About It?

by L. Ron Hubbard

Scientology has several problems it really shouldn't have. These are third and fourth dynamic problems. It should be enough that a science developed for the good of Man, and given freely into his knowledge, should simply be itself disseminated as itself, and without further intrusion into world affairs, but it so happens that the people of Dianetics and Scientology have an interest in the playing field called Earth. Looking broadly about, one does not find very many people interested in the preservation of this playing field. They do not believe that it is their responsibility. The government of country A does not believe it is their responsibility; the government of country B does not believe it is their responsibility. It is very possible, that there will be no actual forward effort at any time, anywhere, to modify the threatened havoc of the atom bomb, unless it is done quietly and effectively by a group which is interested beyond the interest of governments.

It is the belief of Scientology that no government should be interfered with. When a government is changed, it is changed to resume its old shape. No revolution is successful. It is a maxim of Scientology that if a Scientologist is trained within the boundaries of Libya, he is expected to follow out the training and beliefs of his nationality, and to support to the last degree his own government. Similarly, a Scientologist of the U.S.A. or a Scientologist of Great Britain is expected to support his own government to the fullest possible extent. Any and all changes which occur by reason of more knowledge occur along the lines of evolution and not along the lines of revolution. Therefore, Scientology is so far from seeking changes in governments that it would contest to the ability of every last communication line any threatened change in any government anywhere.

However, there is something which is above nationality today. It is even above the level of the United Nations which has

L. Ron Hubbard, Founder

proven its inability to handle the problems. Man is confronted with a weapon of such magnitude and range that unless some solution appears for this weapon, Man will cease to exist, and all life may cease to exist upon this planet.

How does one then influence a problem of this magnitude beyond the level of nations?

The answer to this problem is communication. The communication of more knowledge, the communication of better abilities itself could bring about this change in time. Communication lines of great magnitude are necessary, but all these things are at this moment in preparation. We have never beheld a more sweeping forward look than we have at this time. There is no reason to suppose that we will fail. We know the thing *not* to do, and that is nothing.

We are not a group or organization dedicated exclusively to the bringing about of peace, but we are forced by our own impulses of self-preservation to take a hand in this game which seems too big even for nations to play. Nations cannot play this game because nations are not individuals. We are individuals and we know we are individuals, therefore, we can communicate to the world without defying our own nationalities or enturbulating or upsetting the course of nations themselves. We ourselves as individuals, any one of us, have greater co-ordinative abilities than nations themselves. Thus the responsibility is ours.

We have for the first time a good solid and workable technology, and we mean to use it. We know that if we communicate on the subject, we will be rewarded by solutions. We mean to do it. That's the way it is.

# FOCUS ON SUCCESS

The Briefing Course is like being on the front lines during the development of Dianetics and Scientology. Each discovery is clearly a discovery and big news to Ron and to the world of auditing. The development of the present Bridge is laid out.

That Ron could discover and develop all that he has is amazing. That he should share with the world his findings is delightful.

In ages past one might have forgone worldly things for life and done hard labor in a rough shirt for decades to win the chance to glimpse the wisdom laid out so simply. I am delighted to be on the B.C.

—Suzanne Crowley  
Level C SHSBC

At ASHO, the environment is very very OT. It's very very upstat and it's impossible not to win across all of your dynamics once you've started a training cycle there.

The Briefing Course is hard work. It's no picnic. To decide to do the SHSBC is indeed an indicator that a being has already reached a very high level of confront and perception. And with the new check sheets any considerations about time are no longer barriers. The remaining 50% of your gains await you at ASHO. For anyone who has decided to "flourish and prosper" the BC is certainly going to help you arrive at the postulate.

—Carolyn Bell Percy  
Class V Grad of SHSBC

The Briefing Course has changed my viewpoint on life and livingness. I find I'm more certain, tougher about the tech, and I have much more ARC for people. I feel I'm taking a course on "how to live life to the fullest!" Now, training is the other side that gives you the whys and how to's. Auditing gets you so you no longer have your attention on your case but training shows you how to stay that way and how to really live life using all your abilities to the fullest! It is the icing on the cake.

—Judy Packer Ruiz  
Level A of SHSBC

In this course, one delves side by side with LRH deeper into the mind than man has ever gone before. It's quite an adventure! I was almost breathless at times. At the end one has a neat cross-section of the bank showing all the layers and twists in it. The data is amazing and, (literally) mind-blowing!

I can't stress enough how unique and enjoyable it is.  
—Liz Dannecker  
SHSBC Graduate

Cyndi Siedler doing her radio show in Peoria, Illinois.

I never imagined the Briefing Course would be so fulfilling. When I first came onto this course my intention was only to get the data, but I've come to experience how wonderful it is to be an auditor. The data has increased my skills and certainty in dealing with people, and I find it vitally useful in my activities in life.

It's definitely true that one's viewpoints change, and I now have more to operate with.

—Cyndi Siedler

## SCIENTOLOGY DEFINITIONS

ASHO — American Saint Hill Organization. L. Ron Hubbard taught the original Saint Hill Special Briefing Course at Saint Hill, England from 1961 to 1965. The term SH (Saint Hill) now applies to any organization authorized to deliver those upper level Scientology services, hence we also have the "American Saint Hill Organization" (ASHO).

AUDITOR — A listener or one who listens carefully to what people have to say. An auditor is a person trained and qualified in applying Scientology processes to others for their betterment.

BANK — The Reactive Mind. A portion of a person's mind which works on a totally stimulus-response basis which is not under his volitional control and which exerts force and the power of command over his awareness, purposes, thoughts, body and actions.

BRIDGE — 1. The route to Clear, the Bridge, which we call the Classification, Gradation and Awareness Chart. 2. A term originating in early Dianetic days to symbolize travel from unknowingness to revelation.

CLASS — A gradient classification system for auditor levels. Classes so far released are numbered from 0 to XII.

E.D. (Executive Director) — The head of the organization is the Commanding Officer or Executive Director.

E-METER — The Hubbard E-Meter is a religious artifact developed for the exclusive use of ordained Ministers and theological students who are trained in its use in Church ministrations. It is not intended for and is forbidden by the Church to be used in any medical or physical treatment or the diagnosis, treatment or prevention of any disease. By itself it does nothing and is strictly not to be employed for medical or scientific purposes. Its purpose is to assist the Minister to locate in his parishioner areas of travail so that he can assist in the relief of spiritual suffering. The

existence and use of the E-Meter is sanctioned by law, and the copying of it or attempts by unqualified persons, doctors, scientists, psychologists or psychiatrists, to obtain or use one are actionable under law in the United States. To obtain an E-Meter, one must be a sincerely enrolled student of the Church of Scientology or a fully qualified Minister of that Church and must undertake as well to become wholly skilled in its purpose and use. No other persons are permitted to have E-Meters. The Church permits the E-Meter to be sold, possessed or owned only under these conditions.

FSM (Field Staff Member) — FSMs get people into Scientology by disseminating to bring about an understanding of what Scientology can do thus creating a desire for service, and selecting the person for that service.

HAT — The term and idea of a Hat comes from conductors or locomotive engineers, etc., each of whom wears a distinctive and different type of head gear. A Hat therefore designates particular status and duties in an organization. INDICATORS — Those manifestations in a person or group that indicate whether it is doing well or poorly, signal an approaching change, or show that the auditing process has reached the desired end point.

INTERN(E) — An advanced graduate or a recent graduate in a professional field who is getting practical experience under the supervision of an experienced worker.

INTERN(E)SHIP — Serving a period as an intern, or an activity offered by a Church of Scientology by which experience can be gained.

LEVELS — Grade and Level are the same thing but when one has a grade one is a pre-clear and when one has a level one is studying its data. For more information, see the Classification, Gradation and Awareness Chart at your local Organization or Mission.

PRO COURSE (Public Relations Officer Course) — The purpose of this course is to produce public relations officers who know standard policy on public relations and can apply the data exactly and produce 100% standard results every time.

PRODUCT DEBUG COURSE — Product: a completed thing that has exchange value within or outside the activity. Debug: means to get the snarls or stops out of something. Hence, on the Debug Course you'll learn the Debug Technology to Debug "any insufficiency of viable products coming from an area, org, or individual!"

RUNDOWN — A series of steps which are auditing actions and processes designed to handle a specific aspect of a case and which have a known end phenomena.

SAINT HILL SPECIAL BRIEFING COURSE (SHSBC) — Has certain distinct purposes. The course was begun to do two things: 1. To study and resolve training and education, and 2. To assist people who wanted to perfect their Scientology.

SHSBC (Saint Hill Special Briefing Course) — See definition for Saint Hill Special Briefing Course.

STABLE DATUM — A datum which keeps things from being in a confusion and around which other data align.

TERMINAL — Live mass or something that is capable of causing, receiving or relaying communication. A man would be a terminal but a post (a place to which anyone is assigned for duty) could also be a terminal.

WITHHOLD — A withhold is an unspoken, unannounced transgression against a moral code by which the person was bound.

XDN COURSE (Expanded Dianetics Course) — That branch of Dianetics which uses Dianetics in special ways for specific purposes. It is very specifically adjusted to the p.c.
